THE PENALTY ON THE GALLOWES

The Hostile Cheyennes—Cable Clicks—General Grant—Cholera—A Liquor Crime.

Hanged.

MEMPHIS, Tenn., June 26.—John McKeever, colored, who shot and killed Wm. J. Traynor, four miles south of here, on the 17th of last December, was hanged at 12:40 o'clock to-day, within the inclosure of the county jail. The condemned man attempted to commit suicide last night by cutting the arteries of his arms and legs with a rough piece of tin, shaped like a knife, which he made out of a tin snuff box. When found by the night turnkey at 4 o'clock this morning, he was unconscious from the loss of blood. Medical aid was summoned. On the scaffold, when asked if he had anything to say, he replied: "Yes; I am no murderer." The widow of the murdered man occupied a seat on the scaffold and witnessed her husband's assassin leap into eternity.

HOPKINSVILLE, Ky., June 26.—Jordan Taylor, colored, was hung at 12:30 to-day, in the presence of five or six thousand people, mostly colored. The criminal passed a restless night. A squad of forty soldiers surrounded the jail yard. Taylor was baptized yesterday in the river in the presence of thousands of people. He mounted the gallows with a firm step and took a position under the beam. The execution was practically public, as the hills and high buildings gave those outside ample opportunity to see. He spoke five minutes on the scaffold. A terrible rain and thunder storm followed the execution.

The Cheyennes.

WASHINGTON, June 26.—Senator Ingalls, to-day, received a telegram from the Governor of Kansas, saying an incursion by Cheyennes similar to that of 1878 was apprehended and that great uneasiness prevails. The western part of Kansas has been rapidly settled up this season and new comers are in a very defenseless condition. Governor Martin, therefore, expressed the earnest desire that the Secretary of War should station troops on the south western border of the State to guard against any attacks from Indians. Secretary Endicott being out of town, Senator Ingalls called upon the President with his telegram and was assured that the matter had been the subject of earnest consideration by the President and Cabinet and that active measures had been taken both by the Interior and War Departments to prevent, if possible, any outbreak of Indians, and to repress it promptly, should one occur.

Cable Clicks.

LONDON, June 26.—Baron Henry de Worms will be appointed Secretary of the Board of Trade, and not William L. Jackson, as was stated last evening. The admiralty has ordered a quantity of torpedoes, known as "Ericsson" destroyers.

MADRID, June 26.—Republican journals are clamoring for a coalition of all Republican sections to prepare for the impending struggle. The Republic, alluding to the revolution, says that a few days ago it was probable, to-day it is certain. Exposed and other ministerial journals are very energetically urging measures of suppression. The public is excited.

General Grant.

Mr. McGowan, N. Y., June 26.—"I slept three hours continuously last night," said General Grant to his wife, when she entered the sick room this morning. "I have had a very good night," he subsequently said. Dr. Shady said the General dozed at 10:30 o'clock last night. From this time to this morning the sick man slept and rested well. The thermometer at the cottage marked 74 degrees at 10 o'clock this morning, but visitors from Saratoga reported a hot day in the valley.

A Liquor Crime.

St. Louis, June 26.—Lutner K. Bruce, a leading druggist, shot and killed J. C. Leutz, a prominent merchant, and justice of the peace, at Douglas, Ill., yesterday. The affair grew out of an attempt to suppress the liquor traffic. Leutz being a strong temperance man, and Bruce a supporter of the whisky cause.

Business Failures.

NEW YORK, June 26.—Business failures occurring throughout the country during the last seven days, number for the United States 189, and for Canada 19. The failures are light and unimportant in various sections of the country, especially so in New York City.

A Secretion that Contaminates the Blood.

When the bile is diverted from its proper channels, into the blood, which is always the case in liver complaints, it ceases to be a healthy secretion, and becomes a poison. Its abnormal presence in the circulation and stomach is indicated by the suffusion of the skin with a hideous saffron tinge, by headaches, vertigo, nausea, pain in the right side and under the right shoulder blade, by indigestion, obstruction of the bowels, and other minor symptoms. Order may be substituted for this state of chaos, and further bodily evil averted by using the beneficent alternative and tonic, Hostetter's Stomach Bitters, which by relaxing the bowels, promotes the escape from the circulation of bilious impurities, besides rendering the action of the liver regular, and removing every trace of dyspepsia. This pleasant and purely anti-bilious medicine is not only infinitely more effective than any form of mercury, but it is an account of its freedom from hurtful properties, infinitely to be preferred to that poisoning drug.

St. Louis, June 26.—The excursion party of the Mexican Associated Press, headed by President Ireneo Paz, arrived here this morning in two special coaches over the Missouri Pacific from Kansas City. The special coaches were decorated with the flags of Mexico and the United States. The visitors were escorted to the Southern Hotel, where they breakfasted and were given two hours for rest and recuperation, prior to the formal reception on change.

Cholera.

MADRID, June 26.—Persons arrested during the cholera riots of last Saturday have been released. In defiance to popular feeling, the Minister of Marine has decided to permit the inoculation of officers and men of the Spanish navy on Dr. Ferran's system. Official reports from various provinces of Spain show there were 454 new cases of cholera and 209 deaths from that disease yesterday.

The G. A. R.

PORTLAND, Maine, June 26.—The encampment is gradually breaking up. At an early hour this morning many posts started for home, and there was an almost continuous march of bands and veterans toward the depots for several hours. The principal event to-day is a grand excursion to and a claim bake at Little Chebeague Island.

It was a Mistake.

COLOGNE, June 26.—The London correspondent of the *Kölnische Zeitung* writes that he has the best authority for the statement that De Staal, Russian ambassador at London, is not instructed to ask Salisbury to explain his recent utterances in the House of Lords concerning Russia. Russia prefers to pass the incident in silence.

How to Consult Dr. Foote, Sen.

Dr. Foote, Senior, author of "Plain Home Talk," "Medical Common Sense," etc., etc., would say to those who would like to consult him by mail that they can have a list of questions and a circular of gratuitous advice by addressing Box 414 Salt Lake City. The doctor has arranged to have such information supplied in this way to save time. Receiving such printed matter the correspondent can describe his or her case fully and direct it to the doctor in New York. Dr. Foote is successfully treating all forms of chronic diseases, a specialty to which he has devoted thirty years of study and practice. Evidence of his success can also be had by addressing Box 414, as above, but all letters of consultation and orders for remedies should be addressed to Dr. E. B. Foote, Sr., 129 Lexington Avenue, New York City, N. Y. Consultation free.

An advertisement of Dr. Foote, Sr., in the Sunday and Wednesday editions deserves attention.

DR. FOOTE, SENIOR

OF 129 LEXINGTON AVENUE, NEW YORK.

HEREBY CAUTIONS THE PUBLIC

NOT to Employ or Communicate with a man saying himself "Dr. Foote, Jr." without making due inquiry.

This man came to Salt Lake City representing himself as the son of Dr. E. B. Foote, of New York, the well known specialist, as abundantly proved by affidavits. As rumors came into Salt Lake City from Dakota and Montana from an express made there, he changed his base and represented himself as the son of a more noted specialist in New York City than Dr. E. B. Foote, the well known author, Mr. JOHN F. TROW, of the well known "Trow's Directory," in New York City (forty years in the directory business), Ex-Governor FRANK FULLER, of Utah, and the Hon. ABRAHAM WALKERMAN, for many years Postmaster in New York City, also Surveyor of the Port, gave their affidavits that there are no other doctors in New York by the name of Foote or Foote, excepting Dr. E. B. Foote, the author of "Medical Common Sense," etc., and his two sons, Dr. E. B. Foote, Jr., and Dr. HENRY T. Foote. The genuine Dr. Foote, Jr., will hereafter always employ the initials, E. B., in designating his name. Therefore he has been known not only at home but wherever his publications have been circulated, by the name of Dr. Foote, Jr. Greater care will be taken hereafter to guard against the use of an unprincipled person has assumed to profit by his and his father's reputation. Those desiring further and more detailed information in respect to this matter, will receive it by addressing Box 414, Salt Lake City, Utah.

Persons having information of advantage to plaintiffs will kindly communicate the same to J. W. Ives with Sutherland & McBride, Salt Lake City.

Those desiring to consult Dr. Foote, personally or to order remedies should address either

Dr. E. B. FOOTE, Sr., or

Dr. E. B. FOOTE, Jr.,

129 Lexington Ave., New York.
